Experience
Networking

84%

of students felt the program exceeded their expectations

+

85%

of students would like to do more IM programs

Since completing the program, all these careers feel within my reach and my confidence levels have increased

- Sanna, Liverpool Girls High School

It was an amazing experience! I didn't even know I was able to do something this great myself

- Ashleigh, Liverpool Girls High School

These experiences have opened my eyes to jobs in the creative industries

- Ketti, South Sydney High School

I-Manifest's vision of creative industries supporting creative minds is a powerful promising practice for ALL schools because THIS IS WHAT AN EDUCATION WORTH HAVING looks like. You have been able to tap into student engagement, authentic learning with real world context as well as dynamic and situated professional learning for teachers. THIS IS WHAT TRANSFORMING COMMUNITY PARTNERSHIPS can create - 'a better future'. It takes perseverance, hard work and a vision to accomplish this and we did it!

- Katy Lumkin, Teacher
Liverpool Girls' High School
